

Cognac & Pineau - 2.

A little further west but definitely worth a visit is the beautiful Cognac region, about one hour's drive from Aubeterre. Praised, loved and visited for its famous cognac brands like Rémy Martin and Martell, the city of Cognac has enough ingredients for a fun day out. There is culture aplenty, beautiful buildings, terraces, shopping streets and plenty of (music) events during summer; notably the Jazz/Blues festival in July. For more information on events in the town of Cognac during the summer season, we recommend the following website.

J. Balluet

Near the town of Cognac, in the village of Neuvicq-le-Château, you will find the family run business "J. Balluet". It is a traditional producer, where since 1845, and with great passion "cognac & pineau des Charentes" is produced. The whole atmosphere with the huge boilers, the rows of barrels and their scents, make a visit to this manufacturer a true experience. Definitely one of the best cognac producers in the area, you can purchase mature, exquisite cognacs for very reasonable prices.

Opening hours
