

Château Le Mas de Montet ****

Château Le Mas de Montet is a romantic, in the style of the Renaissance, restored country estate, where President Francois Mitterrand once used to be a welcome guest. Its beautiful location on the border of the Dordogne/Charente departements, along with the 130 acres private park, the presence of the river Dronne, the luxury swimming pool, the top chef in the kitchen, and recent renovation with attention to comfort and luxury, all contribute to the 4-star level of the Château Le Mas de Montet.
