

Friday morning market Ribérac

Ribérac is one of the larger little towns in the area, located in the Dordogne approximately 20 minutes drive from Aubeterre. The centre offers its visitors little boutiques, cafes, restaurants and some supermarkets. A must is the weekly local market on Friday mornings, with stalls selling regional specialities and a wide range of clothing, jewelry, bags, baskets, pottery, etc. During the summer season this market is very popular with both locals and visiting tourists. Whether French, British or Dutch; everyone is gathered together to create a friendly ambiance. Do not forget to enjoy a drink on the terrace of "Café les Colonnes", a pleasant place to pause and enjoy the whole market scene.
