

Thursday morning market Saint Astier

Located in the heart of the valley of the Isle, about 40 minutes drive from Aubeterre, you will find the beautiful village of Saint Astier. The nearby presence of the river Isle, the rich history of the Roman town and last but not least the local market on Thursday mornings, make a visit to Saint Astier more than worthwhile . Whether strolling among the stalls, drinking a coffee on the terrace, or enjoying the friendly atmosphere among the stall holders and their exchange of news items in the incomprehensible "Patois" dialect..... the weekly market on Thursday morning is for the gourmands among you; a true feast for eye, nose and tongue!
