

Cognac & Pineau - 3.

A little closer to Aubeterre, about 30 minutes away, lies the village of Bécheresse, situated in the Charente. A rural tour through vast vineyards brings you to the estate "Domaine Moreau & Fils", a producer of pineau & cognac where you are guaranteed a great hospitality.

Domaine Moreau Paul & Fils

"Domaine Paul Moreau & Fils" is a traditional wine grower, with its own vineyard of 14 hectares. For three generations this family company has produced pineau and cognac according to the old traditions. All products are naturally prepared, without the addition of chemical solutions and with a passion and respect for wine culture and the natural environment. Besides delicious pineau (white, rosé) and cognac (VS, VSOP), the specialties based on cognac are also worth sampling. Try "Amandine" a fine cognac liqueur based on almonds, or "Select Orange" a cognac liqueur with a hint of orange..... one by one dangerously good!
